STEM DESIGN CHALLENGE

Narrative Report Form

Student Names:_____

School:_____

Project Name:_____

1. Please describe the process the team used to come up with a solution. What roles did each member have while coming up with the solution?

2. What types of issues arose while working on the project? Did creating a blueprint help with the creation of your model?

3. Did you use any other resources or models to help your team come up with a solution? If so, please elaborate.
